NEW PRODUCT RELEASED

In November, Meridian Systems launched **Prolog Converge**. The application is designed to replace Prolog Website and has been greatly improved. For a limited time, Meridian Systems is offering an incentive program for existing Prolog Website users to migrate to the new platform.

To learn how you can benefit from Meridian's new product offering, learn more about Converge [here](#).

Prolog Converge impacts your bottom line by:

- Bringing the project team together with easy **Web-based** access from anywhere
- Integrating with other critical systems
- Allowing your team to **collaborate** and coordinate earlier in the process
- Increasing user adoption with role-based interfaces
- Allowing you to make **faster decisions** with up-to-date project information delivered

FREE PROLOG USER GROUP!

Byrne Software will be hosting **FREE Prolog User Workshops** regularly in 2010. Our User Workshops are designed to help users share knowledge and seek solutions to maximize their benefits using Prolog. Our first session will be February 17, 2010 at our office in Chesterfield, MO.

Each session will cover a different topic. The February agenda will cover Prolog Today and auto alerts, in addition to an open-ended Prolog discussion. Lunch will be provided. We will be contacting customers directly for registration. To register now or for more information, please contact Nichole Wilson at: new@byrnesoftware.com.

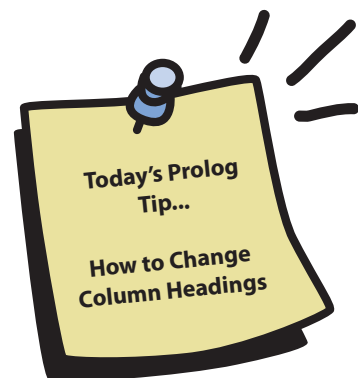

2010 MERIDIAN USER CONFERENCE

Meridian Systems 2010 User Conference will be held **May 24-26, 2010** at the Gaylord National Hotel & Convention Center in Washington, DC.
